

## *An A++ Team and then some*

*Bob Mothershead and Robin Janowski helped me build my practice from an empty shell to the amazing office that it is today. I get compliments on a regular basis. I have to be frank; I love my practice as much as my home.*

*Bob has always been honest, thorough, reliable and efficient from the start. I was immediately impressed by his impeccable knowledge of design and dental equipment. He's an excellent resource and educated me. It became selecting my equipment exciting, easy and painless. As a result of his input and expertise, my office runs smoothly and well. And that makes a happy Dentist.*

*Robin's sense of style and creativity made a functional office an extraordinarily beautiful one. She and I worked together to make design easy and fun. It never felt like work. In fact, my practice looks more spacious than it really is and people that walk in for the first time are impressed by how functional and well designed it is. Her organizational skills and aesthetic vision are unmatched. I am so proud of my office.*

*Bob and Robin helped me achieve my goals and vision for my practice and on budget too! They made the experience pleasant and breezy. This stellar team does not miss a beat. There is absolutely no reason to consider any other team.*
